# ABOUT

# ME

---

My name is Stamatia Bampa and I am a Graphic Designer just starting up. I recently relocated from Athens to Brussels, seeking to get insights into another cultural environment and improve myself professionally and educationally.

I am conscious of the creativity around me, sometimes drawing inspiration from even the simplest daily activities. My biggest stimulation comes from art, cartoon movies and fashion which I incorporate in my work.

This portofolio is a collection of my personal concept projects created with my love and passion for all aspects of graphic design.

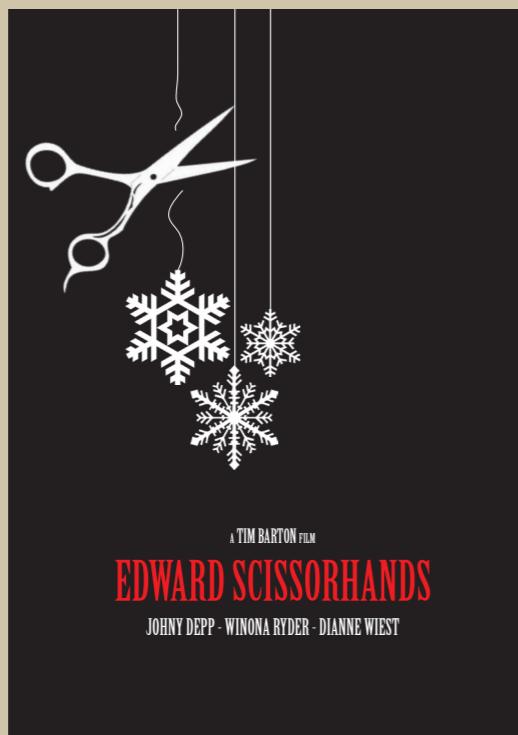

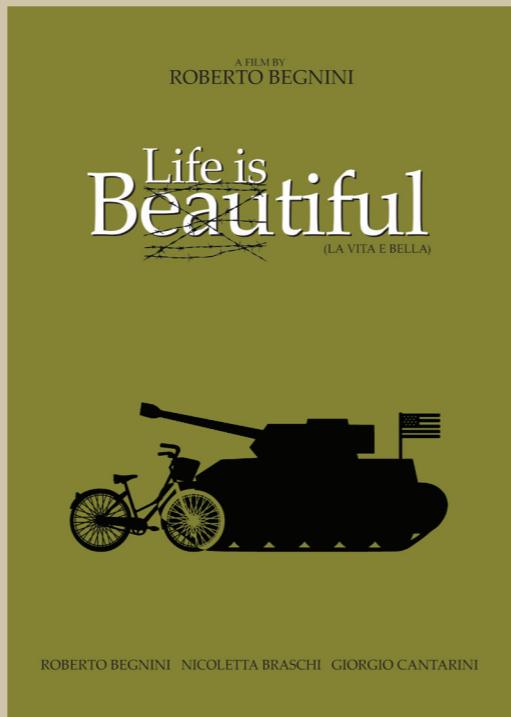

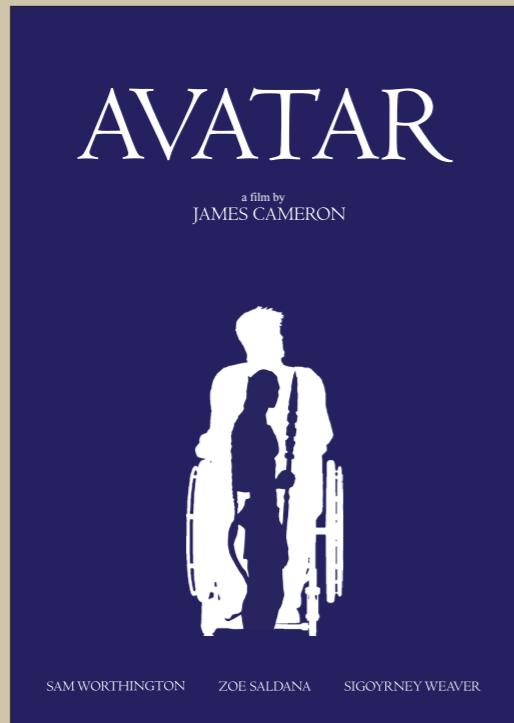

My knowledge on Design Software:

Excellent knowledge of Photoshop & Illustrator.

Limmited knowledge of Indesign, Premier pro, & the Wordpress platform.
